List year, make & model of what you are requesting transportation consideration for below:

Note this is not a pre registration form. Please list only equipment you are requesting transportation for.

Required #1 (No Exceptions)

“Ontario Steam & Antique Preservers” effective July 18, 2001 have required that all exhibitors at Steam-Era have liability insurance in place prior to the show. Please attach copy of or letter from insurance naming you and specifying your tractor for liability coverage. Should your policy coverage dates currently not extend to Sept. 2017 as of yet due to renewals coming this summer (which you obviously would not yet have) then send what is current and forward the new as soon as available and we will update your application information. It must be on file before the show.

Required #2

A clear map or accurate directions to location of your equipment you are requesting the transportation for.

Required #3

- Proof of insurance as above sent with application.
- Proof of TSSA inspection must be available and a copy provided.
- TSSA operator certificate must be presented and copy of provided for our files.

We have an ongoing file now with names & expiry dates regular attending equipment & operators to help simplify the paper work and keep better records. You may forward this information as it renews and we will put it on file but it must be in our files by show opening Friday morning.
